HEIR IS BORN TO THE THRONE OF SPAIN

Will Bear the Title of Prince of the Asturias.

ACCORDING TO SPANISH DECREE

Considerable Etiquette and Publicity Attends the Birth of a Royal Child in Madrid—Preparations to that End Being Made.

Madrid, May 11.—Queen Victoria gave birth to a son on Friday.

The birth of the royal babe has been awaited with eager interest throughout Spain. The news from the palace early Friday morning that the accouchement of the queen was imminent, spread like wildfire, and crowds flocked to the great plaza fronting the royal palace. The happy event had taken the capital somewhat by surprise, for only Thursday afternoon the queen had taken her customary drive and the court physicians had intimated that another two weeks would pass before confinement.

In no monarchial country in the world is the ceremonial observed at the birth of the first off-spring of the king and spring so rigidly, stately and formal as in Spain, and on this occasion, so significant for the Bourbon dynasty with an heir to the throne so anxiously awaited, nothing was omitted from the courtly etiquette.

From the moment when Queen Victoria was officially announced to be approaching the period of maternity, the most careful surveillance was exercised over her, in order that the hopes of the country should not run any risk of being blighted.

The son born Friday to King Alfonso and Queen Victoria will, according to a decree of the Spanish government, bear the title of Prince of the Asturias.

The principality of the Asturias was formerly the mountain refuge of the aboriginal inhabitants of Spain, who remained there unconquered alike by Roman and Moor. In many respects, the Asturias is regarded as the cradle of the Spanish monarchy, hence the pride taken in the title of Prince of the Asturias.

Queen Victoria, the mother of the royal infant, was married to King Alfonso at Madrid on May 31, 1906, amid scenes of the greatest splendor, followed by the horror of a bomb explosion which killed scores of people and narrowly missed the royal coach in which their majesties were returning from church.

Considerable etiquette and publicity attend the birth of a royal child at Madrid. King Alfonso, April 3, signed a decree ordering the necessary preparations for the presentation of the child to the high officials of Spain and the diplomatic representatives accredited at Madrid immediately after the birth.

London, May 10.—The birth of an heir to the Spanish throne was received with unfeigned satisfaction by King Edward, and all the royal family here, who received the first news of the event through a newspaper agency. The general public, with whom "Princess Ena," the name by which Queen Victoria was known previous to her conversion to Catholicism, was always a prime favorite, were equally pleased.

Another New Railroad.

Hazlehurst, Ga., May 11.—Hazlehurst will soon be a railroad center. Men of means and large affairs in this and other towns along the line will soon apply for a charter for a railroad to run from here to Waycross, developing a timber and farming section which has never been touched.

Girl Was Killed by Lightning.

Summit, Ga., May 11.—A bolt of lightning Wednesday afternoon struck a farm house belonging to Wade Rountree, a mile from this place, killing a negro girl instantly and knocking four members of the family insensible some time. The house was demolished.

FIGHT TO A FINISH.

Longshoremen's Strike In New York Far From Settlement.

New York, May 11.—The longshoremen's strike so far as it concerns the trans-Atlantic lines, gives promise of lasting some time, and being a fight to a finish.

The strike against the coastwise lines is settled. The settlement was a partial victory for the men, for its basis was a compromise. But the deep water steamer companies take the ground more determinedly than ever that the strikers' demands are utterly unreasonable and that there can be no settlement so long as the men persist in them.

Evidence of the present temper of these managements is found in an interview given by Emil Boas, agent of the Hamburg-American line and in a report at the American Red Star line office and that cots were being put into the second story of the American line shed for the accommodation of the strike breakers.

Mr. Boas was quoted as saying of the situation with regard to his company:

"The action of the strikers has been outrageous. They walked out without saying a word, although some of them were making from $25 to $30 a week by working overtime, and we think they were being well paid for the character of work that they were doing."

In reply Patrick Connors, of the Longshoremen's union in Manhattan, said:

"It is not true that we struck without making any demands. Before we struck a circular with demands was in the hands of every pier superintendent and we struck because the demands were refused. At the wages we were receiving the longshorement, who have often to wait days for work, did not average more than $11 a week."

The congestion of freight is becoming enormous and the commerce of the port of New York is being endangered.

CROP CONDITIONS.

Bulletin Issued By the Department of Agriculture.

Washington, May 11.—The official report issued Friday at 12:30 p. m. by the department of agriculture covering the period up to May 1, 1907, was as follows:

Winter wheat conditions, 82.9; area remaining under cultivation, 28,132,000. Winter rye, condition 88; the meadow mowing lands, 83. Spring pastures, condition 79.6. Spring plowing contemplated, 71.5. Spring planting, 47 per cent actually done up to May 1,1907.

The area of winter wheat remnining in cultivation May 1 is 11.2 per cent, or about 3,533,000 acres less than the area reported as sown last fall.

Landlords to Raise Rents.

Fall River, Mass., May 11.—With the recent advance in wages to mill operatives in this city, amounting practically 10 per cent in the present state of the market for cotton goods, the landlords have started a movement to increase rents. For several months the population of the city has increased steadily with the mills calling for more operatives to keep pace with their business and as a result the demand for tenements has become very great. Many of the operatives unable to secure houses here live in New Bedford, going to and from work on the electric cars.

King Has Narrow Escape.

Dresden, May 11.—During a sham battle and while he was leading an attack by a Uhlan regiment, the king of Saxony Thursday narrowly escaped serious injury. He was thrown from his horse, but when his attendants rushed to his side it was found that he was only stunned. When he recovered he insisted on again taking part in the maneuvers.

Canada Vs. United States.

New York, May 11.—International golf between the United States and Canada is to be attempted this season. Ten well known amateurs, chiefly from the Metropolitan and Philidalephia districts, have agreed to cross the border and participate in tournaments and team matches.

CARS ARE RUN UNDER POLICE PROTECTION

Motormen Are Cheered and Showered With Flowers.

NO DISORDER BY THE STRIKERS

Mob Along Routes, However, Hooted and Jeered the Motormen, but the Police Stopped Any Attempt to Block the Lines.

San Franisco, May 11.—Despite the efforts of the citizens' committee, the settlement of the street railroad strike seems as far off as ever.

The United Railroads' officials decline positively to recognize the car men's union on the ground that it went out of existence when the company discharged its employees for disobeying the order to appear for work at the car barns on Tuesday morning last. This position taken by the company acts as a handicap in any efforts to bring about a settlement, the only answer received from the officials being that they have nothing to arbitrate and that they propose to run their cars.

Two cars were run Thursday with more success under protection of the police. The mob was in evidence all along the route taken by the cars, but outside of howls and jeers there was no disorder and any attempts to block the road were promptly stopped by the police escort.

The appearance of the cars were greeted with manifestations of approval by the better element along the route taken, and the motormen on the cars were showered with flowers and heartily cheered as they passed.

RATHER STRANGE CASE.

Circus Rider While Giving An Exhibition Falls from Horse Dead.

New York, May 11.—An old man giving the name of John Morrissey, and who said he was a former circus rider, died suddenly while giving an exhibition in a circus in this city on Thursday. The man had appled to the proprietor for aid, saying:

"Let me work to earn it. I can ride for you, if you will let me. It's been my trade. My name is John Morrissey."

He was sent to the cook tent and later was given a pony and told to show what he could do. To the surprise of the performers, Morrissey went through feat after feat. The shabby old man looked transfixed on the old horse. At times he laughed aloud as the other performers applauded his riding.

Suddenly the man flung a hand into the air, struggled an instant as if to retain his balance, and then pitched headlong into the ring. A physician, who was summoned, said the man died almost instantly.

Nothing is known about the old man and his body was carried to the morgue.

Depredations by Brigands.

Havana, May 11.—Armed bands are reported to be committing depredations in the Congo district at Santiago and in the vicinity of Manacas, Santa Clara. The brigands are exacting money from farmers and are stealing horses. The members of the bands, it is believed, are negroes who have been thrown out of work by the ending of the sugar season.

Believed To Be Bank Robber.

Denver, Colo., May 11.—A man believed to be Walter Wilson, wanted in Oklahoma on the charge of having been implicated in a bank robbery at Tecumseh, Okla., was arrested by deputy sheriffs here Thursday. Letters were found upon him from men in jail at Tecumseh who were captured at the time of the robbery and fight with officers.

Savannah to Gulf of Mexico.

Savannah, Ga., May 11.—The Savannah and Southwestern Railway Co. has been organized here. It is proposed to build a road from Savannah to St. Andrews bay, on the gulf of Mexico, a distance of about 400 miles.

SOUTHERN PROGRESS.

Manufacturers' Record Reports Several Important Undertakings.

Baltimore, May 11.—Correspondence in this week's issue of the Manufacturers' Record from West Virginia points, tell of industrial undertakings in that state typical of activities in the south generally.

Designed to open up more fully the Potts Creek iron field, in Allegheny county, Va., and monroe county, Virginia, is an extension of the Big Stony railroad, the contract for which has been let providing for the completion of a line 28 miles long within six months. This extension of the road which leaves the Norfolk and Western railway at the mouth of Big Stony Creek, will carry it into the heart of the big field of fine hematite which, it is estimated, will yield 400,000,000 tons of ore.

The placing of an order for 46,000 tons of steel rail by the Savannah, Argusta and Northern Railway company, chartered to build a line from Savannah, Ga., to Chattanooga, Tenn., with a branch to Augusta, Ga., and probably another branch into Atlanta, has revived the conjectures as to whether the backers of the company are interested in providing a road for a connecting link in one of the great systems in the south, perhaps the Atlantic Coast Line, or maybe an extension for the Seaboard Air Line.

It has been reported that grading contracts are already let for the new line, work to begin at Statesboro, Ga., and to be pushed in both directions toward Savannah and Chattanooga.

CAUSED LOSS OF $350,000,000.

Of This Amount 243 Insurance Companies Lost $175,508,530.

New York, May 11.—The San Francisco monfiagration of April, 1906, swept away not only every dollar of profit previously made by the insurance companies, but the underwriting since 1860, but cost them $79,706,174 besides.

According to a statement made by President G. W. Burchell, of the national board of underwriters, in the annual meeting of that organization here Friday.

President Burchell said carefully compiled figures showed the total property loss by the catastrophe to have been in round numbers, $350,000,000. The loss to 243 insurance companies was $175,508,530. Only twenty companies and a number of these afterward resumed, are reported to have suspended after the 'Frisco fire.

President Burchell said the year 1906 was the most disastrous in the history of fire insurance. The underwriting balance sheet for the year, marine and fire branches, together, showed a loss of over $114,000,000.

All the old officers of the board were re-elected.

Similar to Dreyfus Case.

London, May 11.—Announcement is made that a free pardon has been granted to George Edalji, the young Birmingham lawyer who was convicted four years ago of mutilating neighbors' horses and cattle and sentenced to seven years penal servitude. Investigations led by Henry LaRouchere and Sir Arthur Conan Doyle, who became interested in the case, have, it is stated, established Edalji's innocence and demonstrated that the police blundered. Recently Sir Conan Doyle after a personal investigation pronounced the case similar in many respects to that of Captain Dreyfus.

Shot at Wife: Then Kills Self.

St. Louis, May 11.—Following a quarrel in their bedroom Friday Christian Miller, a butcher, shot at his wife and missed her as she ran screaming from the room. As a policeman attracted by the shot entered the room, Miller committed suicide with a revolver believing he had killed his wife.

Gordon Statue Arrives.

Atlanta, May 11.—The bronze statue of General John B. Gordon, which is to crown a high granite pedestal on the state capitol grounds, reached the city by freight Wednesday night by way of the Southern railway.

ISLANDS SHAKEN BY ROARING VOLCANOES

Stromboli and Etna In State of Violent Eruption.

PEOPLE ARE SEEKING SAFETY

Fears Entertained that the Entire Island of Stromboli May Be Shattered and Engulfed—Worst Eruptions in Years.

Messina, Sicily, May 11.—The eruption of Mount Stromboli was more violent Thursday and the apprehension is growing.

The violence of the present disturbance is declared to be without precedent, even the oldest inhabitants of the Lipari islands not remembering such a threatening condition. Almost all the people of Stromboli isle have made their escape.

Ashes from the volcano have destroyed everything on the island. The detonations are heard on all the other islands of the group with remarkable distinctness, and produce an effect of a terrific roaring. Fears are held that the entire island of Stromboli may be shattered and engulfed.

At the same time the activity of Mt. Etna, on the eastern coast of Sicily, has increased. The column of smoke rolling out of the crater serves to reflect the fire within, and the illuminated smoke clouds can be seen from Cantania, Taormina and even from the straits of Messina.

STRANGE INFATUATION.

Queer Story In Connection with Recent Bomb Explosion.

Atlanta, May 11.—Following the arrest of Fred Bush and Charlie Doolittle, business partners, on the charge of being implicated in the attempt to wreck the home and murder the family of Mrs. Julia McCarthy at 447 East Georgia Avenue Wednesday night, by sending a bomb to Miss McCarthy, there has come to light a story of why Fred Bush should have wished to kill Miss Katheryn McCarthy and which gives a motive that adds a most strange and remarkable chapter to one of the most sensational affairs that ever occurred in the city of Atlanta.

It is a story of jealousy, but not of a man's jealousy for a woman. If the theory is true and Fred Bush is the guilty man, he wanted to kill Miss McCarthy, not because he was jealous of her, but because he was jealous of Charlie Doolittle.

Fred Bush did not want Miss McCarthy to go with Doolittle, it is alleged in this remarkable story, because he wished to keep Doolittle away from her. He did not love or dislike Miss McCarthy. His feelings toward her were that of an indifferent acquaintance. This was the link that made the chain of suspicion which pointed to Bush being the sender of the bomb into the McCarthy family.

To Establish Model Farms.

Atlanta, May 11.—Governor Terrell has returned to Atlanta from a trip to New York and Washington, D. C., where he went particularly for the purpose of calling on the United States commissioner of agriculture with a view to securing the establishment of model farms in connection with the agricultural schools in each of the congressional districts in the state. The governor has announced that the department at Washington had agreed to establish such a model farm in connection with each of these trict schools and to pay all expenses connected with same from a fund which the department has available for that purpose.

Turpentine Plant Burned.

Fitzgerald, Ga., May 11.—About midnight Tuesday night the turpentine plant of Councilman Wright Paulk was discovered to be on fire, and in a few minutes the hottest kind of a blaze was in full progress. Some barrels of resin caught fire and the entire plant was consumed, but all of the spirits of turpentine was saved.

HIGH SCHOOL NOTES.

Interesting Batch of Items from The Sun's Special Correspondent.

This has been a busy week throughout the school, the last week of regular study. Beginning Monday, the whole of next week will be given to final examinations covering the year's work in each branch of study. The last week will be devoted to revisions in all branches. Next week there will be no morning recess, and no afternoon session, in order to give the teachers time for grading the papers.

While, of course, it might have been better, still there is a general feeling among the teachers that the year's work has been satisfactory. Owing to the fact that the requirements for promotion will be more rigidly followed than has perhaps been the case heretofore, the percentage of promotions may not be as large as usual. Heretofore too many pupils have been allowed to enter grades for the work of which they were not sufficiently well prepared.

The high school pupils are busy studying for exams. and preparing for commencement.

The examinations for the scholarship medals in Latin and mathematics for the Freshman and Sophomore classes began Friday. The medals are given by the principal. About ten pupils from each of the two classes entered the contest. These medals were won last year by Tom R. McBeath of the Sophomore, and Nannie Smith of the Freshman. Nannie is one of the contestants for Sophomore medals this year.

Friday was "lonesome day" on the hill, as most of the pupils went on the Sunday school picnic to Worthington Springs.

The commencement invitations have come and are pronounced by all who have examined them to be as pretty as ever seen in Gainesville.

FOUR-MILL TAX FOR PENSIONS

Senator Broome's Pension Bill Is Most Liberal in Its Provisions.

MR. SMITH'S LIQUOR BILL

It Prohibits the Shipping of Liquor from Wet Into Dry Counties of the State, and Was Fnally Carried, After an Animated Debate.

Practically the entire day Friday was spent in the Senate in the discussion of Mr. Broome's pension law, which is much more liberal than the present law and carries with it a tax of four mills. The bill was amended a number of times and at length went to the engrossing committee.

In the House there was a long debate upon the bill of Mr. Smith of Lake—Prohibiting the shipment of liquors from wet counties into dry counties, following the same lines as the argument on the second reading of the bill. There were 35 votes for and 18 against the bill on final passage, quite a number of the gentlemen sending up explanations of their votes.

Tomorrow ends the sixth week of the Legislature, leaving three more for the session of 1907.

The morning session of the Senate opened with prayer by the chaplain Senator McCreary introduced the only new bill of the morning, which was Senate bill No. 375—A bill relating to the obstruction of crossings and highways by railroad companies. The bill makes it a misdemeanor for any railroad company or employe to block the highways for more than ten minutes.

The courtesy of the floor was extended to Mayor Fraeker of Tampa and several other citizens of Hillsboro county.

House bill No. 456—Creating the municipality of Pablo Beach, was passed by a vote of 25 to 0.

House bill by Mr. Calkins of Nassau—To grant the city of Fernandina a charter amendment for street improvements was taken up on its second and third reading in the Senate and passed.

House bill No. 557, by Mr. Reese of Escambia county—For the relief of John B. Vaughan who was convicted of manslaughter, was passed. The bill restores citizenship.

By permission, Senator Cone introduced Senate bill No. 278, requiring the State to appropriate $15,000 for the purpose of paying the city of Lake City for buildings of the former University.

The bill was referred to the committee on appropriations.

The cigarette bill, or rather the anti-cigarette bill, known as House bill No. 163, by Mr. Knight of Citrus, also a special order for the afternoon, was passed without a dissenting vote. The law applies to minors only.

The Senate adjourned until 10 a. m. Saturday.

IN THE HOUSE.

The House was called to order at 9:30 a. m., Speaker Knowles pro tem in the chair.

After prayer by the chaplain and correction of the journal, following were among the new bills introduced:

By Mr. Farris of Duval—Liability of common carrier.

By Mr. Peaden of Santa Rosa—Obtaining board or lodging by false pretense.

By Mr. Doke of Alachua—Relating to public roads.

Bills on Third Reading.

House bill No. 140, by Mr. Millinor of Madison—For the protection of conductors, engineers and motormen; passed.

House bill No. 150, by Mr. Paul of Holmes—For opening up of public roads within the State; passed.

House bill No. 159, by Mr. Kilgore of Sumter—Relating to advertisement for bids and employment of labor on roads by county commissioners; passed.

House bill No. 173, by Mr. Abernathy of Orange—Relating to the organized militia. This is a very lengthy bill, covering all phases of the question. The bill passed, yeas 35, nays 11.

House bill No. 194, by Mr. Smith of Lake—Forbidding shipments of liquors into dry counties from wet counties.

Mr. Crawford of Orange spoke in favor of the bill, and inquired whether there was a greater tyranny than that of King Alcohol.

Mr. MacWilliams of St. Johns stood squarely for the local option clause of the constitution, but opposed the incasure. He thought an ineffectual effort to check intemperance would hurt the cause.

The Smith bill was passed by a vote of 35 to 18, and the House then adjourned for dinner.

Afternoon Session.

At 2:30 Mr. Knowles called the House to order and the following bills, on third reading, were passed:

House bill No. 294, by Mr. Farris of Duval—Prohibiting the unauthorized use of the names, etc., of secret societies.

House bill No. 279, by Mr. Hooker of DeSoto—For relief of tax collectors in drainage district.

House bill No. 236, by Mr. Russell of Putnam—Relating to the assessment and collection of taxes upon land and turpentine and timber rights thereon.

Bills on Second Reading

The following bills were read the second time, and referred to the committee on engrossed bills:

By Mr. Decker of Hillsborough—Relating to examination of State banks.

House bill No. 212, by Mr. Decker of Hillsborough—Legalizing ordinance 106 of town of Tarpon Springs.

House bill No. 247, by Mr. Carter of Alachua—Relating to taking of testimony in divorce cases, was withdrawn and Senate bill No. 271, by Mr. McCreary of the Thirty-second amending the city charter of Gainesville, was substituted and passed.

Mr. Knowles of Monroe, Mr. Watson of Dade, and Mr. Williams of St. Johns, occupied the chair during the day. Adjourned at 5 p. m. until 9:30 a. m. Friday.

SATURDAY'S PROCEEDINGS.

Special to The Sun.

Tallahassee, May 11.—Today has been an extremely busy one in the Florida Legislature, both Senate and House being busy during the day.

The Senate held both morning and afternoon sessions, disposing of a large amount of routine business. The Stetson University bill came up among others, and was killed by an indefinite postponement. A large number of purely local bills were taken up and passed.

The bill extending limits of Tampa so as to include Fort Brooke was introduced, and was passed in both Senate and House under waiver of the rules in a little over an hour, making a record.

The Crane bill, providing for the granting of franchise to street railways by county commissioners, was killed in the House.

The Senate adjourned this afternoon until 4 o'clock Monday afternoon, the House until 9:30 a. m. Monday. Less than three weeks now remain of the session of 1907.

BRASS CAUSED ARREST.

Charles Holloway Held for Gainesville Authorities on Larceny Charge.

Charles Holloway, a negro, was arrested by Policeman George S. Johnson, at 5:30 o'clock yesterday afternoon, when he called at the Southern Express Company's uptown office to receive a barrel of brass shipped to him from Gainesville.

The police received a telephone message yesterday afternoon asking them to watch the express office and arrest Halloway when he called for the brass. The express people were notified, and when Holloway called for the barrel the clerk nodded to the policeman and it was all up with Holloway.

He was charged, at police headquarters, with being a suspicious character, and the Gainesville authorities have been notified of his arrest, and will be here today for him. It is alleged that he stole the brass in Gainesville and had it shipped here to him.—Timos-Union, 10th.

The county authorities here know nothing of the above case, as no theft of brass has been reported to them.

Relief from Rheumatic Pains.

"I suffered with rheumatism for over two years," says Mr. Rolland Curry, a patrolman, of Key West, Fla. "Sometimes it settled in my knees and lamed me so I could hardly walk, at other times it would be in my feet and hands so I was incapaciated for duty. One night when I was in severe pain and lame from it my wife went to the drug store here and came back with a bottle of Chamberlan's Pain Balm. I was rubbed with it and found the pain had nearly gone during the night. I kept on using it for a little more than two weeks and found that it drove the rheumatism away. I have not had any trouble from that disease for over three months." For sale by all druggists.

Strike May Tie Up Trolleys.

Louisville, Ky., May 11.—O. M. Scott, business agent of the Amalgamated association of street and electric railway employees, sent a telegram to international headquarters stating that the situation as regards the union men employed by the Louisville Street Railway company, is critical and that if something is not done at once the men will voluntarily go out on strike before Sunday night. There has been some trouble ever since the recent strike, the men alleging that the company has not observed the terms of settlement.

Stop Grumbling.

If you suffer from Rheumatism or pains, for Ballard's Snow Liniment will bring quick relief. It is a sure cure for Sprains, Rheumatism, Contracted Muscles and all pains—and within the reach of all. Price 25c, 50c, $1.00. C. R. Smith, Tenaha, Tex., writes: "I have used Ballard's Snow Liniment in my family for years and have found it a fine remedy for all pains and aches. I recommend it for pains in the chest." Sold by W. M. Johnson.

Councilmen Raise Their Salaries.

Columbus, Ga., May 11.—After a spirited discussion, in which those who opposed the resolution were told that they were doing so because they were confident it would be adopted, a resolution was passed by the Columbus city council providing for an amendment to the charter of the city to the effect that members of council shall receive an annual salary of $150 each.

Indigestion.

With its companions, heart burn, flatulence, torpidity of the liver, constipation, palpitation of the heart, poor blood, headache and other nervous symptoms, sallow skin, foul tongue, offensive breath and a legion of other ailments, is at once the most widespread and destructive malady among the American people. The Herbine treatment will cure all these troubles. 50c bottle. Sold by W. M. Johnson.

MEN ADMIRE

a pretty face, a good figure, but sooner or later learn that the healthy, happy, contented woman is most of all to be admired.

Women troubled with fainting spells, irregularities, nervous irritability, backache, the "blues," and those dreadful dragging sensations, cannot hope to be happy or popular, and advancement in either home, business or social life is impossible.

The cause of these troubles, however, yields quickly to Lydia E. Pinkham's Vegetable Compound made from native roots and herbs. It acts at once upon the organ afflicted and the nerve centers, dispelling effectually all those distressing symptoms. No other medicine in the country has received such unqualified indorsement or has such a record of cures of female ills as has

Lydia E. Pinkham's Vegetable Compound

Miss Emma Runtzler, of 631 State St., Schenectady, N. Y., writes:—"For a long time I was troubled with a weakness which seemed to drain all my strength away. I had dull headaches, was nervous, irritable, and all worn out. Chancing to read one of your advertisements of a case similar to mine cured by Lydia E. Pinkham's Vegetable Compound, I decided to try it and I cannot express my gratitude for the benefit received. I am entirely well and feel like a new person."

Lydia E. Pinkham's Vegetable Compound is the most successful remedy for all forms of Female Complaints, Weak Back, Falling and Displacements, Inflammation and Ulceration, and is invaluable in preparing for childbirth and the Change of Life.

Mrs. Pinkham's Standing Invitation to Women

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. Her advice is free and always helpful.

SCHOOL SEASON WILL SOON CLOSE

Two Evenings of Rare Literary Entertainment to be Held.

THE COMMENCEMENT SERMON

It Will be Delivered by Rev. Francis H. Craighill of Holy Trinity Church, in the Tabernacle—Joint Meeting Tuesday, May 21.

On next Friday evening, May 17, the Junior Class will give a reception to the Senior Class and a few invited friends at the residence of the principal, Mr. McBeath, on East Main street. It will, of course, be a purple and gold affair. A pretty program has been prepared, and all who are fortunate enough to get an invitation may promise themselves an enjoyable evening with these young people.

On Sunday, May 19, at 7:45 p. m. Rev. F. H. Craighill of Holy Trinity church will preach the commencement sermon to the high school. This service will be held at the Tabernacle in order to accommodate the large number that wish to attend, the managers of the series of meetings which the Christian Church is now holding in that building having very generously agreed to hold their services at 3:30 p. m., and to give way for the evening.

On Tuesday evening, May 21, at 8 p. m., there will be held at the High School auditorium a joint session of the Demosthenean and Euclean Literary Societies, to which the public is invited.

The following is the program, Ruth Doig presiding over the joint meeting:

1. Roll Call—Response in quotation from Shakespeare.
2. Piano Duet—Leo Baker and Montine Fagan.
3. Recitation—May Kirby.
4. Piano Duet—Ida McDonald and Edith Bageley.
5. Essay—Bessie Kelley.
6. Vocal Solo—Rosabel Pedrick.
7. Recitation—Julia Wainwright.
8. Debate—Subject: "Resolved, That the United States Should Have a Navy Equal to That of Any European or Asiatic Power." Affirmative—Demosthenian Society—Tom R. McBeath, Evelyn Collins, Sam Mixson. Negative—Euclean Society—Fred Hampton, Julia Bunch, Dallas Bowers.
9. Piano Solo—Mary Phifer.
10. Recitation—Mattie May Williams.
11. Song—Glee Club.
12. Violin Duet—Ruby DeLand, Tom R. McBeath.
13. Recitation—Alescia Schafer.
14. "The Society News," last issue, Lucia Patton, Earle Taylor, Kate Boulwark. Reader, Lucia Patton.
15. Decision of judges and adjournment.

On Friday evening, May 24, the commencement exercises proper will take place at the High School auditorium. Program will be published later.

WIEGAND'S FESTIVAL MASS.

Rehearsals Now Being Held for One of the World's Greatest Productions.

Apropos the Wiegand's Festival Mass, now under rehearsal at Holy Trinity church, it may be of interest to those participating to know that Mr. Petrie of this city was well acquainted with the composer in Sydney, Australia.

Mr. Petrie states that Wiegand captured the organist's prize, a 3,000 pounds' annual salary, for which many noted organists competed—among them the organist of the great Salt Lake City Temple.

Wiegand has the proud distinction of having in his organ the only sixty-four-foot pedal stop in existence. When one thinks of the volume of air required to produce a musical note through a wooden chute sixty-four feet high by four feet square, it seems almost impossible. As a matter of fact, before this organ was built such an enormous pipe was considered absolutely impractical and useless.

Wiegand's ecclesiastical music ranks very high, and it is to be hoped that a chorus of sufficient size may be gotten together in our city to do justice to the work now under rehearsal. The ambition exhibited by our young people in undertaking to produce this work is certainly worthy of commendation.

MR. BROOKS GOT THE AX.

He Did Not Receive the Blow, However, Where the Chicken Got It.

The regular meeting of Alachua Camp No. 5, Woodmen of the World, was of unusual interest Friday evening, as Past Counsel Comamnder J. B. Brooks received an ax—not where the chicken got it, however, but in a much more complimentary way.

Sovereign Brooks is a very enthusiastic Woodman, and during his administration did a great deal in the matter of the upbuilding of the order here, with the result that Alachua Camp is one of the strongest in the State. As a token of appreciation the lodge purchased and presented to him a handsome alluminum ax and belt. The presentation address was delivered Friday evening by Sovereign Joe Manasse, and took Sovereign Brooks completely by surprise. In a few well-chosen and appropriate words, Sovereign Manasse told Sovereign Brooks how deeply grateful were his brother Woodmen for the fair, efficient and faithful manner in which he presided over the camp, and they wanted him to know how they appreciated him. As he passed over the ax and belt, Sovereign Brooks replied in a brief but happy way, assuring his brothers that nothing more highly appreciated could ever be given him, or no higher compliment ever be paid any man, and that he would retain the emblems as tokens of friendship and brotherly love.

The ax was appropriately engraved.

Waste Mill Burns in Spinning Village.

Greenville, S. C., May 11.—The waste mill in the American Spinning company's village was destroyed by fire Thursday night. The loss is approximately $20,000, partially covered by insurance. The origin of the fire is unknown.

Letter to J. D. Stringfellow, Gainesville, Florida.

Dear Sir: What will it cost to sow ten acres half wheat and half daisy mixed? and what'll the crop be worth?

We don't know what daisy-seed costs, nor how bulky it is; we suspect half wheat and half daisy would make a big crop of daisies, and last a long time; the wheat might be short.

The parable throws some light on the cost of paint half whitewash. Whitewash, mixed half-and-half with paint, is all-paint in look and feel; in deed nine-tenths of the "paint" in the stores is part whitewash: some half, some more, some less.

Paint has to be spread with the brush, the surface prepared, the ladders, scarfolds, pulleys and ropes arranged and moved, there's a great deal of labor in putting paint on; it costs $2 to $4 a gallon to do it.

What does it cost to paint whitewash? Just the same. It doesn't seem worth while, for the whitewash does harm, not good.

Will the paint hold the whitewash fast? or the whitewash loosen the paint?

Better paint pure paint, the least-gallons paint, the least-money paint.

Devoe. Yours truly,
31 F. W. DEVOE & CO.

Friends of Gainesville Young Lady Tendered Her Surprise in Starke.

The following from The Bradford Telegraph of the 10th inst. will prove of interest, as the young lady so honored, who has been on a visit to relatives in Starke, is the daughter of Mr. and Mrs. J. E. Wainwright of this city:

"Miss Julia Wainwright, who has been making an extended visit with Miss Ruth Wainwright, was the victim of a pleasant surprise party given on her at the Wainwright home last Friday evening. The participants met at the high school building and cautiously approached the Wainwright house. The not unwilling hostess was taken wholly by surprise.

"The early part of the evening was given over to vocal and instrumental music by Misses Wainwright, Hodges and Wills. Later various games were enjoyed, including stealing partners, fishing for love, feeding Polly, kissing the bible, trip to Jerusalem and pleased and displeased.

"Those who made up the gathering are Misses Annie Powell, Mable Wills, Eula Powell, Beatrice Wills, Jennie-Maude Hodges, Christine Daniel, Verdie Sistrunk, Ethel Adkins, Hildabelle Chace and Messrs. Bryant Hodges, H. Crosby, Olien White, Wilifred Philips, Arthur Brooking, Willie Inman, Lester Stearns, Roger Wells, Guy Alvarez, Oscar Alvarez and Willie Wainwright."

FEEL RUN DOWN?

Many people do in early spring. Perhaps it is the reaction from the winter manner of living. But, whatever the cause, it is an unpleasant condition, unfitting its victims for the activities of life—the proper enjoyment of life itself, in fact. A simple, altogether unobjectionable remedy, well calculated, according to physicians, to restore the lost tone and vitality to the rundown system is composed of ¼ oz. Fluid Extract Buchu, 1 oz. Bulso Mixture, ¼ oz. Fluid Extract Gentian Compound and 15 ozs. water. These ingredients are obtainable at small expense at any good drug store and may be combined by the pharmacist or at home, as desired. The dose is one tablespoonful three times a day, before meals. The preparation is said to be one of the best spring tonics known to medical men.

Study Conditions In New York.

New York, May 11.—Professor Bailey, sociological expert of Yale, and his class, who are in New York to study social conditions, descended on the Mills hotel on Bleecker street. The class arrived earlier in the day, about 250 strong, and plunged at once into work. Police headquarters, the morgue, Blackwell's island, the Manhattan Insane asylum, the workhouse and the poorhouse were visited. In the evening the class tackled a number of Bowery lodging houses and Chinatown. Later the class visited Ellis Island.

$3,000,000 for Famine Sufferers.

St. Petersburg, May 11.—The emperor has signed the famine appropriation of $3,000,000, a large amount of which is needed for medical assistance in the scurvy stricken provinces. M. Yermoloff, ex-minister of agriculture who is now head of the central organization for famine relief, has left St. Petersburg for the famine provinces to distribute a large personal contribution of the emperor.

Seventh Day Adventists.

Chattanooga, Tenn., May 11.—The Southern Union conference of the Seventh Day Adventists are holding in a suburb a convention and a school for Christian teachers. Tennessee, Kentucky, Georgia, Alabama, North Carolina, South Carolina, Mississippi, Louisiana and Florida are represented in attendance.

YOUR HAT

May Be a Stylish One, But It Makes Trouble.

A man usually buys a hat that's "in style," but the modern hat for men has lots to answer for.

Baldheads are growing more numerous every day. Hats make excellent breeding places for the parasitic germs which sap the life from the roots of the hair.

When your hair begins to fall out and your scalp is full of Dandruff it is a sure sign that these countless germs are busily at work.

There is but one way to overcome the trouble and kill the germs—that way is to apply Newbro's Herpicide to the scalp—it will kill the germs and healthy hair is sure to result.

A Missouri man is being prosecuted for bigamy by seventeen wives. We do not know exactly the right word, but "bigamy" falls short by a lot.

A husband brings suit for divorce because his wife blew a tin whistle to keep him from snoring. We suppose the woman will not resist the separation.

We have received an invitation to be present at the commencement exercises of the Jenson High School, Jensen, of which Miss Edith Hunter is the efficient principal. These exercises will be held on the evening of the 13th inst., and the program shows six graduates, which is a great compliment to Miss Hunter, who was formerly an Alachua county teacher.

The lawn plats recently set about the exterior of the court house square, and in which the janitor, Moses Sherman, has manifested a great deal of pride, are being fenced, to protect them from trampling by thoughtless or reckless pedestrians who either do not think, or who do not care, for the protection of the grass. A row of evergreens has also been set around the square, which will be protected by this temporary enclosure.

It looks as though "Marse" Henry Watterson were right. Governor Hughes of New York is looking up as a Republican Presidential possibility. People who have watched the trend of events say that the public utilities bill in the New York Legislature is going to make his fame nationally, whether it passes or whether it is defeated. If it passes, it will give him prestige as having won a fight for the people against almost prohibitive odds, and if it does not pass, the Governor will be considered a martyr to corrupt machine politics and probably will be able to bring the whole of the New York delegation to the convention with him. The President has not made any move toward giving him his support, but if the occasion demands it there is little doubt that the support will be forthcoming.

It has been so long since the people of this section have had a decent rain that they had begun to forget there were the unsightly mudholes appearing in our principal streets. But with the welcome advent of the rains again, these depressions are easily discernable, as they have a tendency to fill up on the least pretension of a shower, and the most peculiar part of the whole affair is the fact that they are all directly blocking the way of the pedestrian. If they were in the middle of the street, or removed from the inconvenience of those who are compelled to walk, the matter would not probably be so noticeable. The new City Council has just begun its work, and The Sun would suggest that its street committee pay its attention to the mudholes at the Phifer corner, East Main and Union streets, and another mudhole of much greater circumference at the corner of North Main and West Court streets. The latter depression existed and formed a lake during all of the past winter, causing sickness. The Sun has repeatedly called attention to the deplorable condition of North Pleasant street, which could be repaired in less than a half day.

HISTORICAL EXPOSITION.

The Jamestown Exposition site and vicinity is the choicest of a choice selection. Situated on Hampton Roads, it is rich in every prospect to fire the heart of pariotism and sparkle the eye of nature's lover. Both land and sea are rich in historical interest. The expanse of Hampton Roads is the field of many gallant achievements of the American sailor, and the shores about are forever consecrated by the valorous blood of the American soldier. There, in the nation's infancy the savage war-cry roused the colonists to action, the English mariners met the ships of France, in the Revolutionary War and in the War of 1812 American sailors set their battle flags and defied the power of Britain, and it was there during the Civil War, that the Monitor and Merrimac inaugurated a new epoch in the naval affairs of the world. A reproduction of this remarkable duel will be one of the striking and original features of the Exposition.

The tract upon which this City Beautiful of 1907 has been reared is admirably adapted to the purpose for which it is intended. With more than two miles of water frontage it offers at every turn a charming combination view of land and sea. The harbor is at this point five miles wide and the outlook is superb. The cities on the farther shore are merged by perspective into a cameramic picture, and the great Government piers offer a point of vantage for the enjoyment of a marine picture unequalled on the American continent.

President Roosevelt has appointed a commission to prepare a comprehensive plan to utilize the water-ways and to connect them by canals, and it is now holding its meetings in Washington. The transportation question is paramount at present, and an air route, it is thought by some, will sometime be added to the old methods by land and by water. In our grandfathers' time "a six-mule team made plenty of steam." Now steam locomotives and electric cars have failed to meet the resources of our prolific harvest fields, factories, forests and mines. The cry is still give us more roads and improve our waterways. Curiously enough, on the day that the President's Commission met, Professor Graham Bell, who is now in London, gave out an interview, if half of which is true, we may expect succesful aerial travel. In this interview, he said that the problem of flight had been solved, and that in five years we should be crossing the Atlantic at the rate of two hundred miles an hour. Prof Bell invented the telephone, but is probably optimistic and mistaken on this air ship question. At any rate, most of us prefer that some future generation or our wives' relatives shall attempt the Atlantic in these flying machines. We have all the risk we care to incur in present methods of transportation.

Our citizens deserve credit for the pride they take in our schools. We venture the assertion that not a student ever went forth from Gainesville but went away with the best wishes of our people; they gave him encouragement during school life and when he departed took him by the hand and said, "God speed thee." Not one who has finished the course in our schools, wherever he may now be, but wishes our town and her people well, for it was among our Christian people, surrounded by an influence that was elevating and noble, animated by the splendid example of our citizens, that he received the foundation which makes him today the upright citizen in any community in which he may live.

Take Hall's Family Pills for constipation.

We would be the last on earth to knowingly say a word to hurt the feelings of any of our subscribers or citizens, especially at a time when the dark winged messenger of death has brought sorrows to the home, but from the best of motives we desire to call the attention of our readers to the custom of publishing "cards of thanks." It is a custom that has outgrown its purpose, if it ever had one. When sickness and death comes to your home it is only natural that your friends and neighbors should do what they could to assist you—they would be heathens if they did not. They know from the expression of your face that you are thankful and deeply appreciate all they do, and it is not necessary to rush into print and tell the world that your neighbors were kind when you were in trouble. The reading public are becoming tired of the old stereotyped "card of thanks." You can express to your friends, by a look or word, your thankfulness in a more impressive manner than you can in a column of cold type.

There will really be little difficulty about the deportation of the negroes when a place for them can be found where the watermelons ripen all the year.

The fact that Tillman will be in the Senate is the main reason so many people are hoping that Roosevelt will succeed Senator Platt.

Senator Tillman and Sam Jones have been the only lecturers who dared to abuse an audience for not agreeing with them.

CANNIBALS IN SOUTH SEA.

Horrible Practice Being Carried on in Certain Islands.

Vancouver, B. C., May 11.—According to advices by the Canadian-Australian liner Mananka, from Sydney, the North German Lloyd steamer Sumatra, recently called at the Sir Charles Hardy group in the South seas and discovered that cannibalism was being carried out to a large extent among the natives of the group.

The captain of the Sumatra reported the matter to Dr. Hahl, the German governor of the islands, who dispatched the yacht Zestern to the isles.

All the villages were destroyed and the ring leaders, 11 natives including two women, were arrested. One of the prisoners escaped.

The prisoners were brought to Herbert's Hope and imprisoned.

Special Venier Ordered.

Boise City, May 11—Sheriff "Shad" Hodgins started out Friday to summon a special venier of 100 men ordered Thursday by Judge Wood in district court when the regular term panel was exhausted in the effort to secure a jury to try William D. Haywood, the first of the officers of the Western Federation of Miners, called to the bar to answer the charge the state has placed against them of conspiracy and complicity in the murder of foremer governor Frank Steunenberg. The trial was adjourned late Thursday afternoon.

Died of Rabies in Jail.

Gainesville, Ga., May 11.—A. J. Hulsey, a middle aged man, was recently adjudged insane in Stephens county, and there being no jail there he was brought to this city Tuesday from Toccoa and lodged in the Hall county jail. Thursday morning he died in great agony. He was violent and foaming at the mouth, beating himself with his fists and flinging his body with mad force against the walls of his cell. It is now thought that instead of being insane, the man was suffering from a well defined case of rabbies.

Banks Consolidate.

Asheville, N. C., May 11.—It was authoritatively announced that the stockholders of the Blue Ridge National bank of Asheville had agreed to the proposition of the organization committee of the American National bank, now organizing for business in this city, to consolidate the two institutions under the charte rand name of the American National bank upon a basis of $200 per share for Blue Ridge stock, the consolidation to become effective July 1, 1907.

Valdosta Suffers Fire Loss.

Valdosta, Ga., May 11—One of the most disastrous fires in the history of Valdosta, occurred Thursday, causing the total destruction of the plant of the Valdosta Sash and Door company, and two or three small cottages. The loss is estimated at $80,000, with about $60,000 insurance. A large quantity of lumber and stock on hand was destroyed.

Strike Breakers Bailed Out.

San Francisco, May 10.—Eleven strike-breakers who were arrested for assault to commit murder were bailed out Wednesday night on a total bail of $34,500 furnished by the United Railroads companies. When released from the jail, the men were taken under guard to one of the car barns. Jess Lamar, who is charged with having caued the death of James Walh, was not released.

Will Sail on May 18.

New York, May 9.—The committee appointed by President Roosevelt, Vice President Fairbanks and Speaker Cannon, to investigate all the phases of the problem of immigration, has decided to extend its work to leading emigration cities of Europe and made arrangements to sail from Boston on May 18, for the Mediterranean on the steamer Canopic.

Unitarian Conference Ended.

Chattanooga, May 10.—Thursday's session ended the twentieth meeting of the Southern States Unitarian conference. The program embraced a business meetings of the body and the Southern Missionary council. At night five of the leading clerical delegates delivered short addresses.

Postmasters Appointed.

Washington, May 10.—President Roosevelt has appointed the following postmasters: L. B. Murphy, at Alma, Ark.; Claude R. Ferguson, at Huntington, Ark.

Street Appointed for Alabama.

Washington, May 11.—The president has appointed Oliver D. Street to be United States attorney for the northern district of Alabama, vice T. E. Boulhac, whose term has expired.

A STUFFED EMPEROR.

Fate of Valerian of Rome, Captured by the Persians.

One of the most remarkable stuffed skins on record was that of Valerian, emperor of Rome, who was taken prisoner and afterward kept in chains by Sapor, king of Persia. He was either killed in a tumult or by order of his conqueror, who was perhaps fearful of losing his valuable living trophy, in the year 269. The body of the dead emperor was treated with no more delicacy than when it held the spark of a living one. It was skinned. The hide after being tanned was stuffed, painted red and suspended in the chief temple of the capital. It remained there for many years and was the popular spectacle for holiday makers and visitors from the country. But it was put to more important ends than this. It was made a diplomatic engine of much significance and efficiency. In after times it often happened that the Roman envoys at the Persian court had misunderstandings more or less serious with the government to which they were temporarily accredited. When these ambassadors from Rome grew arrogant in their demands, it was the custom to conduct them into the presence of the stuffed skin of the ex-emperor of Rome, where they were asked if humility did not become them at sight of such a spectacle.

A Surprice.

A cook at a cheap boarding house played a little game on a grumbling boarder by serving him with a piece of sole leather instead of beefsteak.

"You've changed your butcher, Mrs. Hascher?" said the boarder, looking up at the landlady after sawing two or three minutes at the leather.

"Same butcher as usual," replied the boarding mistress, with a patronizing smile. "Why?"

"Oh, nothing much," said the boarder, trying to make an impression on the steak with his knife and fork, "only this piece of meat is the tenderest I have had in this house for some weeks."—Strand Magazine.

In a German Law Court.

A German law court was the scene lately of an amusing incident. The magistrate, a tiresome and long winded person, was deciding a small case in which the plaintiff claimed damages for abuse. "To call a man a 'pig' or a 'dog,'" replied the judge, "is certainly an insult, but to say that he is a 'pig-dog' is offensive, for no such animal exists." The plaintiff glared at the bench. "Schweine-Hund!" he remarked, with bitter emphasis.—T. P.'s London Weekly.

The Innocent Joys of Youth.

"Gracious, Fanny!" exclaimed a mother to her little daughter. "Why are you shouting like that? Why can't you be quiet like your brother?"

"He's got to be quiet," replied Fanny. "He's playing papa coming home late."

"And who are you playing?"

"Oh, I'm playing you!"—Harper's Weekly.

SPECIAL OCCASION.

Southern Baptist Convention and Auxiliary Societies, Richmond, Va., May 16-21, 1907.

On account of the above occasion we announce round-trip rate of one fare, plus twenty-five cents in the sale of tickets to Richmond, Va., tickets at this rate being on sale from May 13th until 16th inclusive, with final limit to leave Richmond fifteen days from date of sale. However, by complying with certain conditions and upon payment of fee of $1.00, an extension of this limit to June 17th may be procured.

The Seaboard has been declared the Official Route for delegates to this meeting. Those having the matter in hand were evidently guided in reaching the decision to name the line by some of the attractive features of the service, noticeable among these being the double daily service with through coaches and sleeping cars and then the following: Our people, with an idea of affording delegates to this and other conventions held in Richmond, an opportunity for visiting the Jamestown Exposition, perfected an arrangement whereby the return portion of tickets reading from Richmond are honored from Portsmouth, Virginia, without additional charge. This alone certainly makes the Seaboard especially attractive.

There is a movement now on foot to have the Florida Baptists assemble in Jacksonville, moving from there on the same train—one might say in a body. This, too, will make the trip more pleasant.

MOTHER USED GUN

When Attempt Was Made to Take Her Children From Her.

Birmingham, Ala., May 11.—Sam Hamilton, of Birmingham, was shot through the abdomen and probably fatally wounded by Mrs. Annie Magness Thursday afternoon, and Mrs. Magness was shot in the leg and seriously injured by her former husband, W. R. White, of Nashville, Tenn.

According to the best accounts obtainable of the affair, Mr. White was recently granted a divorce from his former wife, and by court decree was given custody of his two children. He came to Birmingham in company with Detective J. T. Stout, of Nashville, and Attorney A. B. Anderson, of that place, to get the little ones.

They were accompanied by Detective Sam Hamilton, of this city, who had been employed by Mr. White to assist in getting possession of hte little ones.

The party went to Smithfield and found the children playing in the yard. They put them into a carriage and were about to drive off when Mrs. Magness appeared and opened fire on the men.

Hamilton was hit in a vital spot and when White returned the woman's fire, she was struck in the leg by one bullet.

Mrs. Magness gave herself up readily, saying she did not propose to stand by and see her children kidnaped. Both of the injured are in hospitals.

Under Serious Charge.

Birmingham, Ala., May 11—W. R. White, former husband of Mrs. Annie Magness, A. B. Anderson, White's attorney, and Detective J. T. Stout, all of Nashville, Tenn., are in jail charged with assault with intent to murder and kidnaping.

HUMORS IN THE BLOOD

Coming of Warm Weather Forces Them Out, Causing Itching, Burning Skin Eruptions.

The blood and skin are so closely connected that whatever affects the one has a corresponding effect on the other. When the blood is pure and healthy the skin will be soft, smooth, and free from all eruptions; but when the blood becomes infected with some unhealthy humor the effect is shown by rashes, eruptions, boils and pimples, or other disfiguring and annoying skin disease.

The skin is provided with countless pores and glands which act as a drainage system to rid the body of impurities through the perspiration that is constantly passing through these little tubes. There are other glands that pour out on the skin an oily substance to keep it soft and pliable, otherwise it would become hard and dry from constant exposure to wind and sun. When the blood becomes filled with humors and acids these are thrown off through the pores and glands, burning and irritating the skin and drying up the natural oils so that we have not only Acne, Eczema, Salt Rheum, etc., but such dry scaly skin eruptions as Tetter, Psoriasis and kindred troubles.

These humors find their way into the blood through a disordered or deranged condition of the system. There is a certain amount of waste or refuse matter collected in the body every day. This is useless in nourishing or keeping the system in health, and nature intends that it shall find an outlet through the channels of bodily waste. As long as these members perform their duties properly the blood remains pure and free from infection; but when from any cause they become dull and sluggish, this refuse matter is left to sour and be taken into the blood in the form of humors and poisons. The skin is a perfect index to the blood; when we see one afflicted with a skin disease, or pimples, rashes, eruptions, blotches, etc., constantly appearing, we know that down deep in the blood a humor has taken root, and instead of supplying nourishment and strength to the fine, delicate tissues of the skin, it is pouring out its acid and unhealthy accumulations.

S. S. S. DROVE THE HUMOR OUT.

Gentlemen: Some two years ago I suffered a great deal, caused on account of a humor in the blood; small rash or pimples broke out over my body and kept getting worse day by day for over a year. Seeing S. S. S. advertised in the paper and having also heard it had cured several people in this city, concluded to try it. After using the medicine I was entirely cured, and am very glad to recommend it. 1030 Clay St., Paducah, Ky. EDW. W. LONG.

FOUND A CURE FOR POISON OAK.

Gentlemen: After having tried for six years to find a cure for Poison Oak, from which I was a great sufferer, I was told by a friend to try S. S. S. It entirely cured me and gave me excellent health. There is no remedy for a bad condition of the blood like S. S. S., and you have in S. S. S. a positive cure for Poison Oak.
Danville, Ky. J. E. WISEMAN.

The skin is not only affected by the humors generated within the system, but poisons from without, such as Poison Oak and Ivy, Nettle Rash, etc., as well as poisons from metals, acids, etc., enter through the open pores and glands, and so thoroughly do they take root in the blood that they are ever present, or return from year to year to annoy the sufferer.

The treatment of skin diseases with salves, washes, lotions, etc., is along the wrong line. True such treatment relieves some of the itching and discomfort, and aids in keeping the skin clean, but it does not reach the real cause of the trouble, and at best such things are only palliative and soothing.

S.S.S.
PURELY VEGETABLE

A thorough cleansing of the blood is the only cure for humors in the blood. S. S. S., a gentle acting, safe blood purifier, made entirely of vegetable ingredients from nature's forests and fields, is the proper treatment. S. S. S. goes down into the circulation and neutralizes the acids and humors, thoroughly cleansing and purifying the blood, and curing skin diseases and affections of every kind. It supplies to the blood the fresh, nutritive qualities necessary to sustain the skin and all other parts of the body, and rids the blood of any and all poisons. S. S. S. cures Eczema, Tetter, Acne, Psoriasis, Salt Rheum, Poison Oak and Ivy, Nettle Rash and all troubles of the skin. Special book on skin diseases and any medical advice desired furnished by our physicians without charge to all who write.

Engineer Killed in Crash of Trains Near Gordon, Ga.

Macon, Ga., May 11.—In a head-on collision between a regular and an extra freight on the Central railroad, 2 miles from Gordon, Thursday, Engineer John N. Norris, of this city, was killed and Engineer L. Opie, of Savannah, and Brakeman Spain were slightly injured.

The freight was behind and through some misunderstanding Engineer Norris drove his engine beyond the point and into the death trap.

He was removed fro mhis post shortly after the accident, scalded and crushed so that he died immediately.

Over half of both trains was converted into a mass of wreckage, and traffic was badly tied up.

Alabama Officers Seek Georgia Man.

Montgomery, Ala., May 11.—Percy Baldwin, an alleged fugitive from justice, is being searched for in Montgomery county by Sheriff Belser, and a score of aides, as a result of information received in this city from Cuthbert, Ga. The chief of police of the Georgia town advised Chief Taylor, of Montgomery, that Baldwin was wanted on a charge of criminal assault, which is alleged to have been committed at Cuthbert some time ago.

Good Words for Chamberlain's Cough Remedy.

People everywhere take pleasure in testifying to the good qualities of Chamberlain's Cough Remedy. Mrs. Edward Phillips, of Barclay, Md., writes: "I wish to tell you that I can recommend Chamberlain's Cough Remedy. My little girl, Catherine, who is two years old, has been taking this remedy whenever she has had a cold since she was two months old. About a month ago I contracted a dreadful cold myself, but I took Chamberlain's Cough Remedy and was soon as well as ever." This remedy is for sale by all druggists.

Election Called for Bonds.

Columbus, Ga., May 11.—City council on Wednesday night listened to the reading for the first time of an ordinance calling for an election for the issuing of $90,000 of bonds for the building of a steel or concrete bridge across the Chattahoochee river at Dillingham street. The ordinance will be acted upon at the June meeting.

Sought a Watery Grave.

Cannon, Ga., May 11.—W. M. Moore committed suicide Thursday in an old lake near Double Branch creek below the Dean bridge. He had been in ill health for some weeks. Before plunging into the water he had removed his coat and vest and carefully tied his hands in front with hickory bark. He was about 82 years of age.

STRICKLAND BARN BURNED.

Building and Contents Destroyed by Fire Few Nights Recently.

Information has reached this city to the effect that the barn of W. A. Strickland, together with its contents, was burned at Paradise a few nights ago, entailing a loss of about $400, with no insurance.

Mr. Strickland has made no statement in the matter, although he was in the city yesterday. Neighbors state, however, that the barn was well filled with feed-stuffs, and the loss will be a serious one to the owner.

The fire is said to have originated by rats gnawing matches.

Warranty and mortgage deeds for sale at this office. Fifty cents per dozen or $3 00 per hundred.
